Sir:

Applicants received a NOTICE OF DRAWING INCOSISTENCY WITH SPECIFICATION mailed October 15, 2004 indicating that the drawings filed on July 7, 2004 have been received, but that Fig. 3 listed in the BRIEF DESCRIPTION OF THE DRAWINGS in the Specification was not contained in the drawings. A copy of the Notice is attached.

Also attached is a complete set of Figs. 1-6 which include corrections approved by the Examiner in Figs. 1, 2, 5 and 6.

By way of further explanataion, the drawings filed on July 7, 2004 were only corrected drawings for Figs. 1, 2, 5 and 6. In the cover sheet filing the corrected formal drawings, it was requested that these corrected drawings be substituted for the originally filed Figs. 1, 2, 5 and 6

drawings. It was further noted that none of the other sheets of drawings required correction. Applicants, therefore, do not understand why the NOTICE OF DRAWINGS INCONSISTENCY states that Fig. 3 is missing since Fig. 3 was never corrected and was part of the six sheets of drawings filed with the original application.

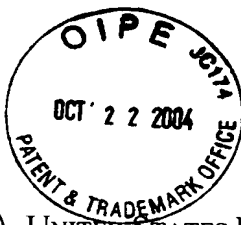

In any event, Applicants are resubmitting a complete set of five (5) sheets of drawings for Figs. 1-6 which include the corrected drawings for Figs. 1, 2, 5 and 6. If any further questions remain regarding the drawings or any other aspect of this application, it is requested that Applicants' undersigned attorney be called at (703) 684-1120.

Respectfully submitted,
